Approved Industry Credentials for the AAS in Applied Technology at OSU-OKC

Find your industry-recognized certification below to see how many transfer credits it carries toward the AAS in Applied Technology at OSU-OKC. Two indexes are provided: an alphabetical list by credential name, and a secondary index grouped by certifying organization for students who recall the issuing body more readily than the exact credential title.

Transfer credit is calculated as **total CareerTech program contact hours ÷ 40**, capped at 30 credits. Credit is awarded only when the student has both completed an aligned CareerTech program **and** holds a current, valid version of the certification. Final credit total is confirmed through OSU-OKC advising and institutional review of the student's credential portfolio.

Index 1: Credentials A–Z
