

OKLAHOMA CITY

Concurrent Enrollment - General Information

Welcome to College

Oklahoma State University – Oklahoma City (OSU-OKC) welcomes you to participate in concurrent enrollment. OSU-OKC's concurrent enrollment programming was designed to combine high-quality, rigorous college-level education and quality, caring faculty in an engaging learning environment. We are committed to providing the best educational opportunities to our students as we want to help you be successful and reach your educational goals.

Benefits of Concurrent Enrollment

Concurrent enrollment is an opportunity for juniors and seniors in high school to begin their college education before graduating from high school. Participating in concurrent enrollment not only will allow students to earn high school and college credit, but also will help students have a smooth transition to the rigor of college-level courses after graduating high school.

Transfer of Credits

Credits earned through concurrent enrollment will count toward OSU-OKC degree programs and may be transferred to other colleges and universities in Oklahoma.

Admissions Requirements

Any junior or senior high school student¹ who meets the eligibility requirements and admissions standards can enroll in college courses. Student must have one of the following for admission:

- Minimum National ACT, Pre-ACT, or Residual² ACT final composite score of 19, OR
- Minimum SAT, PSAT 10, or PSAT/NMSQT of 990, OR
- Unweighted high school GPA of 3.0 or higher.

¹Oklahoma State Regents Higher Education (OSRHE) policy requires that home school/unaccredited students have completed enough high school coursework to be equivalent to a junior or senior at an accredited high school and earn the requisite score on an acceptable SAT or ACT exam to be admissible. ²Students can utilize one residual ACT score per year (Nov. 1 – Oct. 31). Residual ACT scores are valid only at the institution at which it is administered.

Required Documents

All required documents must be received before a student is accepted for concurrent enrollment.

OSU-OKC Documents

- Application for admission. Please visit <https://osuokc.edu/apply>, click "Apply Online" to complete our free application.
- High School Concurrent Enrollment Form, available at <https://osuokc.edu/concurrent>. This form must be completed and include signatures from either the principal or counselor AND one parent/guardian.
 - High School / Proposed College Course Schedule needs to be completed, including both high school and proposed OSU-OKC courses, and signed by the student.

Additional Documents

The following documents may be obtained from your high school counselor and/or your ACT/SAT Account.

- Most recent official high school transcript.
- Official ACT or SAT scores.

Course Placement

Admission to OSU-OKC does not guarantee eligibility for course placement. At a minimum, students must demonstrate college readiness in reading (ACT 19/SAT 510/Accuplacer Reading \geq 250). Students must also meet the following score requirements in the subject area in which they are enrolling:

Test Subject Area	Academic Performance Code from Catalog ⁴	National ACT, Pre-ACT, or Residual ACT	SAT, PSAT 10, or PSAT/NMQST	ACCUPLACER NextGen
English	May enroll in courses with [W] prerequisite.	19 English	510 Evidence-Based Reading & Writing	Writing \geq 250
Math	May enroll in courses with [M] prerequisite.	19 Math	510 Math	Quantitative Reasoning/Algebra/Statistics \geq 263, AND Advanced Algebra/Functions \geq 250
Reading	May enroll in courses with [R] prerequisite.	19 Reading	510 Evidence-Based Reading & Writing	Reading \geq 250
Science ⁵	May enroll in courses with [SCI] prerequisite.	19 Science	N/A: There is no SAT science section.	N/A: There is no equivalent.

⁴Many courses have more than one code as prerequisite. For example: English Comp I (ENGL1113) has both an [R] and [W] requirement. Students must meet all prerequisites for enrollment. ⁵If there is no Science equivalent, students must have both [R] and [M] to meet [SCI] requirement.

Course Enrollment Limits / Workload

OSRHE policy limits high school students to a maximum of 19 semester credit hours. One half high school unit is considered equivalent to three semester credit hours of college work. Non-academic high school units are excluded from the workload calculation. Any student wishing to exceed these limits must submit a [Petition for Excessive Hours](#).

Costs of Attendance

Students are ultimately responsible for the costs incurred with attending courses. However, seniors are granted a tuition waiver for the first 18 credit hours of enrollment as provided by the Oklahoma Legislature. Juniors are granted a waiver for up to 12 credit hours of enrollment, based on funding from the Oklahoma State Regents for Higher Education. Students are still responsible for tuition in excess of these credit hour limits, all fees, and any required textbooks. Some school districts may pay for part of the cost of concurrent enrollment. Please check with your high counselor for more information.

Textbooks

OSU-OKC has committed to doing its part in expanding access to college. Textbook prices are oftentimes the determining factor in enrolling. OSU-OKC has committed to providing as many low-cost/free textbooks as possible. Most general education courses use textbooks that are free, electronically, in the student's Canvas online classroom or for up to \$25 for a printed version. All courses hosted on the high school campuses use these inexpensive resources.

Continued Enrollment

Students must maintain a cumulative college GPA of 2.0 or above, on a 4.0 scale, to enroll in subsequent semesters. Students whose cumulative college GPA falls below 2.0 are not eligible to enroll in college courses until after high school graduation. Please note: Grades earned through concurrent enrollment are posted to the official transcript and become a part of the student's college record. Therefore, scholarships, grants, and other forms of aid – including Oklahoma's Promise – that depend on GPA may be adversely affected if a student fails to maintain the appropriate GPA requirements.

Release of Information

The Family Educational Rights and Privacy Act (FERPA) prohibit release of information about students, including grades, to anyone other than the student unless written permission is on file. Students must complete a [Student Consent for Release of Educational Record Information form](#) to give this authorization to another person.
